Re: Notice that Walker Waste Solutions LLC dba City Sanitary Service would like to grant permission to Waste Management to provide medical waste collection service inside our franchised area with the City of Tillamook pending approval of attached rates.

This letter is to inform the City of Tillamook that City Sanitary Service has agreed to allow Waste Management to provide medical waste collection service in our franchised area pending approval of rates by the City Council. Waste Management will provide City Sanitary Service with a quarterly report of work done in the franchised area along with the 5% franchise fee. When performing services inside the city limits and urban growth boundary of Tillamook Waste Management will charge according to approved rates and bill customers directly for services rendered. This agreement will be reviewed annually during the rate review period.
